

What to expect at your first appointment?

When you book your consultation, our friendly team will send you a welcome pack, including a form for you to fill out and bring to your first appointment.

You will be assessed by Dr De Angelis where you can discuss any concerns or issues. Dr De Angelis will talk you through the best personalised treatment option for yourself or your child.

After the initial examination, one of our friendly Treatment Coordinators will go through a detailed treatment plan, including the cost and the expected timeframe.

Once you go ahead with your personalised treatment, you will see Dr De Angelis as well as one of our professionally qualified Clinicians, and Clinical Assistants. The full team of professionals will deliver your orthodontic care and treatment plan.

Contact us

We genuinely care about our patients. Please call us to discuss your needs or to book your appointment.

Welcome to Transform Orthodontic Care

Our mission is to provide life changing orthodontic care.

We listen to your needs and provide high quality, trusted, professional service, every time.

We are committed to providing gentle, personalised, consistent, long-term care for you and your family.

We love to see the excitement in your eye as you see how your smile and confidence has been transformed.

We're here to care for you throughout your journey of transformation.

The Transform team

Our team is focused on quality consistent care from the first to the last appointment. We understand that undertaking orthodontic treatment is a big milestone for most people. Using the latest technology and innovative orthodontic solutions, our professional and friendly team will care for you as your smile and confidence is transformed.

The Transform team is led by Dr Daniel De Angelis, a South Australian specialist orthodontist with 20 year's experience in dentistry and orthodontics. He has treated nearly 10,000 patients of all ages throughout his career.

A Fellow of the International College of Dentists (FICD), Dr De Angelis has served as a clinical tutor at the University of Adelaide, as well as a Visiting Fellow at Westmead Children's Hospital and has been an accredited consultant for the Cleft Lip and Cleft Palate Scheme, having worked as an orthodontic consultant for the Australian Craniofacial Unit at The Women's and Children's Hospital.

Dr De Angelis is supported by a professional and caring team of Clinicians, Clinical Assistants, Treatment Coordinators and Reception staff.

Transform proudly supports charities such as Brainwave and 'Give a Smile'.

Our services

We believe in utilising the latest technology to provide innovative orthodontic solutions. From trusted traditional methods, to state-of-the-art non-invasive solutions we will straighten your teeth and brighten your smile without impacting your way of life.

Transform Orthodontic Care is a leading provider of Invisalign technology in Adelaide.

Dr De Angelis is a Platinum Invisalign Provider. Having specialised in Invisalign for 18 years and completed more than 1,000 Invisalign treatments, Dr De Angelis and the team are experts in this treatment and receive ongoing training as the technology and product develops.
